

(ASX: GMN)

ASX RELEASE

11th June 2020

FORMER RIO TINTO SENIOR EXECUTIVE JOINS GMN

Gold Mountain Limited (ASX: GMN) is pleased that Mr Matt Liddy has agreed to join the company as Advisor, to provide his expertise in corporate strategy & project development to GMN.

Mr Liddy has over 30 years experience across the resources industry and is accomplished in: strategic development, global identification and development of new mining and metals projects, operations, stakeholder engagement and new country entry. His most recent role was as Vice President Business Development in the Aluminium product group of Rio Tinto. He has also worked in the copper, gold, mineral sands, and coal sectors with significant exposure to Asia, the Middle East, PNG, and South America.

Mr Liddy has a Bachelor of Engineering (Chemical, 1st Class Honours) degree from the University of Queensland and has completed executive education courses run by Georgetown University and Duke Corporate Education. He is a Graduate of the Australian Institute of Company Directors.

Mr Liddy has been a long-time supporter of Gold Mountain Limited having first become a shareholder in 2018. Encouraged by recent exploration results he has invested a further substantial sum through the recent share placement. His appointment is timely as exploration of the Company's flagship Monoyal Project in the highly prospective Mobile Belt in PNG is beginning to yield signs of a potentially large copper - gold - molybdenum porphyry discovery.
